## World Geography: God's Creation & Our Missions!

Every three years, our school focuses on World Geography. This content-rich subject gives us an opportunity to not only study the science of geography, but also world history. In addition, it lends itself beautifully to look at the world mission efforts of WELS. We dabbled in the Spanish cultures of the Americas before Christmas and have completed our intensive look at Africa. Please come in and look at our African display in the classroom during Sunday morning fellowship time! The students depicted this beautiful

continent in group collages and made a class cookbook of yummy African recipes. (We taste-tested most of them and gave them an appropriate star-rating!) The WELS website provided great information on our mission projects in Africa. Enjoy! ... Next stop: EUROPE ...

## This & That

Austin's trapping pelts

2022 Winter Food Bank Towers

**Valentine's Day** was the perfect time to talk about loving and caring for one another. 3K spent a lot of time learning how to be a good friend and help one another. One of our favorite things that we learned in **February** was how to use sign language to say 'Jesus loves you'. Helping and caring for others paired perfectly with the recent food drive. In the month of March, we will be focusing on a famous authors of children's books. We will read books from Dr. Seuss, Laura Numeroff, and Eric Litwin. Some of their popular books that we will be reading include The Cat In the Hat, If You Give a Mouse a Cookie, and Pete the Cat: I Love My White Shoes.

*Blessings to you all! ~ Mrs. T and Mrs. Irwin*
