REACHING OUT – SPREADING THE NEWS!

Our congregation is focusing on opportunities in which we can reach out to our community. By doing so, we pray we are blessed with further opportunities to share the awesome gift of salvation with our new friends. Of course, a first step is to let people know we are here – ready to welcome them into our church family. There are many ways to do this! Today, let's look at one simple way to spread the word if you happen to be a part of the Facebook social media page.

Did you know Good Shepherd Lutheran Church and School has not one, but two pages? To help you find the one connected to the page that shares both church and school news, please take a look at the graphics below. It may help you "find" us. You can also "find" us on Facebook by using the search feature at the top of your page. Once there, you can "like/follow" the page. Then you should see the posts as they appear in the newsfeed. After THAT happens, the outreach is simple: click the thumbs up (or heart) and then - most important of all – click the SHARE button. That share button reaches people beyond our friend list – people whom God is using this little click to connect them to Himself!

Good Shepherd Ev.

In January 3K spent the month learning about the Arctic. We learned about the frigid temperatures and all the animals that live there. One of our favorite Bible stories was the one where Jesus tells us not to worry. We made pinecone bird feeders with peanut butter to remind us that Jesus takes care of the birds, and he will certainly take care of us too! The month of February we will be focusing on love and different community helpers. We will be learning about transportation and construction so the classroom will have a variety of cars, trucks, trains, and construction equipment to play with. Definitely a favorite among three-year-olds!

Blessings! ~ Mrs. T & Mrs. Irwin
