### **World Geography: God's Creation & Our Mission**

This month's stop was Europe. We explored many cultures that are a part of our own personal heritage. After studying the nuts and bolts, the students each picked their own project, based on European topics that interested them most. We had a very eclectic and interesting group of presentations! We heard about the origins of sports, castles, music, animals, and vegetation. We had posters, reports, and PowerPoints. The first and second grade students tried their hand at designing and crafting a joint collage – they did awesome! To culminate this continent's study, Mrs. T and Mrs. Kammuller provided the school with a proper English Tea. Utmost in our minds was wrapping the people of Ukraine – particularly the pastors and congregations – in prayer.
