World Geography: God's Creation & Our Mission

Asia was our stop this past month – it is our largest continent! There is an abundance of contrasts from food to culture to economies. We toured three countries in particular: China, Japan, and India. Amelia's mom, Deb Baumann, came one day and taught us how to make spring rolls – which we learned were like egg rolls, with a different wrapping. We enjoyed eating the three different kinds: pork, chicken and shrimp -YUMMO! We also remember to ask God to continue blessing our mission efforts in Asia – particularly the mission field in Viet Nam. Next stop: **AUSTRALIA!**

3K News

In the month of April, 3K spent a majority of time learning about the events of Holy Week along with enjoying some spring weather. We talked about why we call that sad day *Good Friday* and we rejoiced with singing and dancing as we celebrated Easter. If the weather allows, during the month of May, we will be spending more time outside. We're hoping to utilize our outdoor classroom, and take nature walks on the trails throughout the woods. As our school year is winding down, it's fun to reflect on all the growth of the children in such a small amount of time. They have grown in their motor skills, social skills, and academic skills. Most important, is the children's growth in their faith and knowledge of God's love for them.
