### This & That – a Blessed Start!

#### Welcome, Ms. Deb and Mrs. Krug!

Good Shepherd Lutheran School extends a heartfelt welcome to our new teachers' aids, **Ms. Debra Bauman** and **Mrs. Amanda Krug**. Ms. Deb helps Mrs. T with grades 1-8, while Mrs. Krug helps Mrs. Irwin with 3K on Tuesdays and Thursdays.

*May God richly bless you both as you assist in training up the next generation at Good Shepherd Lutheran School!*

#### Fall Activities at School

The 16 elementary students have been busy getting to know new friends, learning different routines, and getting back into the swing of school. Of course, there has been many blessings and much fun in the process.

In the woods, “The Kingdom” was rejuvenated after a summer of wind and storms, with the addition of a new structure: A CHURCH! We also had some class visitors: Mrs. Mohns, Mrs. McGarry, and Mrs. Kammuller came and taught us how to make applesauce – it was so delicious, and we were able to share it with the congregation during the new member luncheon! That very day, we got to begin the worship service with a favorite anthem, “The King of Glory Comes!”

We can't wait to see what October brings! Thank you, God, for blessing our Christ-centered school with faithful teachers, supportive families, eager students, and the love of our family at Good Shepherd!

## Preschool News

We spent our first month of preschool learning our classroom routines, getting to know one another, and growing in our faith and love for Jesus. This year God has blessed Good Shepherd with five students in the 4K program meeting Monday, Wednesday, and Friday, and ten 3K students meeting every Tuesday and Thursday.

Each school day is filled with lots of movement and activities to help students learn, grow, and discover. The natural curiosity of young children leads to new discoveries every day. In the month of September our focus was on how special and how different God has created each of us. The students were able to create a page in our class book telling us just how special they are. What a great way to celebrate each of our unique characteristics!
